

IN THE NEWS....

To keep on the leading edge of industry trends, Archive once again attended the PRISM international Conference this spring in Reno, Nevada. PRISM(Professional Records & Information Services Management) is the global trade association serving the commercial information management industry.

This industry is comprised of outsourcing partners that provide their clients with physical and digital information protection, access, retention and storage.

Learn more about PRISM here: <http://www.prismintl.org/brief-history-of-commercial-records-management>
